

The Volvo Enthusiasts Club Reliability Challenge 2018 The 'North Coast 500'

By popular request we are reintroducing the Volvo Enthusiasts Club Reliability Challenge. Event that is open to ALL Volvo owners and can be undertaken in either a classic or modern Volvo, in groups or as a single entry. There is no time limit, only that the 'Challenge' must be undertaken during the specified time – this year within the months of July and August. It is not a competition, it is just an opportunity for Volvo owners and enthusiasts to enjoy their cars while undertaking the prescribed route/challenge and therefore prove the reliability of their cars. We appreciate that obviously this year the event takes place solely in the north of Scotland and this is in response to the large numbers you have expressed an interest following the idea of the 'North 500' being posted on our Facebook Pages – 'Volvo Classics' – 'Volvo Enthusiasts Club' and 'Volvo Enthusiasts Club' – **Please be aware there are 'others' purporting to be us with 'Volvo Enthusiasts Club' who are not us!! –ALWAYS check for our shield logo on the header, you will then know you are in the right groups!**

'The North Coast 500'

'There's nothing quite like the freedom of the long open road. Never-ending back roads, wide meandering country tracks and beautiful bends through some of Scotland's finest coastal scenery are just a few things you can expect along the [North Coast 500](#). Strap yourself in for the road trip of a lifetime'.

Route Overview

The NC500 starts in the northern city of Inverness, weaves along the west coast to Applecross and then northwards towards the towns of Torridon and Ullapool. From there, you'll venture to some of the most northerly coastal points in Scotland, passing by Caithness and John o' Groats before heading south again through Dingwall and finally back to Inverness. – Visit Scotland has an excellent website which covers the route with an interactive website and map – 'NC500' -
